Seasoned pork leg SIBILLINO deboned, with lard

Product code: **Art. 713** Leg of pork, deboned and seasoned SIBILLINO – with lard.

DESCRIPTION

Deboned and seasoned leg of pork between 5.8 and 6.7 kg covered with lard in the part without rind. Specific size for an order can be agreed.

GENERAL CHARACTERISTICS

Cutting and shaping: from a leg of pork, fresh with all bones removed (femur, tibia, fibula and ‘occhialino’). with a deep cut in the joint between the rump and the femur head (opened vein), shank (muscle) removed.

Appearance: Typical of the product, an elongated and irregular pear with a ‘tip’ and hip, no holes or gaps, no seepage, compact and well cleaned to ensure little waste and high yield.

Raw material: for typical production is EU sourced, with white external fat of limited thickness.

ORGANOLEPTIC CHARACTERISTICS

Taste and Smell: semi-sweet, characteristic scent of a genuine local seasoned product, with an intense and pleasant aroma.

Colour: pinkish to deep red.

OTHER CHARACTERISTICS

Ageing: minimum 7 months. Specific ageing can be agreed for an order.

Ingredients: pork leg, salt, seasoning. There are no allergenic substances in accordance with EC Dir 2003/89 and the lard used for covering the prosciutto is gluten-free.

Processing: traditional methods with the help of highly advanced technology in Marche Region which has an ideal climate for such products. No methods involve the use of additives and/or fast drying with hot air and/or ionizing treatments.

Microbiological and chemical requirements: compliant with current regulations on food hygiene. Analysis results of the samples as per the sampling plan in the Control Manual are available at our registered office. Sampling entrusted to an accredited external laboratory.

Traceability: in compliance with EC Regulation No 178/2002. The production batch is branded on the back of the prosciutto, the code indicates the week seasoning begins and the supplier. The batch is noted on the commercial document (year/week/supplier number).

Storage: at 0° to 4° C maintains its organoleptic characteristics for 180 days from packaging.

Packaging:

Primary Packaging	Bulk
Secondary Packaging	Food carton
Pieces per carton	2
Carton size (cm)	59x39x15 (WxDxH)
Pallets (Epal)	80x120x95 (WxDxH)
Packages per pallet	20
Packages per layer	4
Max. layers per pallet	5

Transport: by carrier, in compliance with the specific needs of product protection.

Control: Quality management control and food safety manual in compliance with UNI EN ISO 22000: 2005.
